ABOUT THE PROGRAM

CREATE FURNITURE & OTHER ITEMS FROM WOOD & WOOD PRODUCTS

- Safely use hand tools and power tools
- Work on math skills in hands-on applications
- Do projects on your own and in small groups
- There are opportunities for you to continue your education at trade, 2, and 4 year schools
- You go at your own pace and will be proud of the work you produce
- The program is flexible for different learning styles and skill levels
- Projects range from simple to complex
